Singapore to Host ACIF 2025 Summit, SPACA to Lead as Event Host

April 2025

We're thrilled to announce that the **Asia Coating & Ink Federation (ACIF)** has selected **Singapore as the host city for the 2025 ACIF Summit**, taking place on **4 December 2025**. We're equally excited that **SPACA (Singapore Paints and Coatings Association)** will serve as the official host for this milestone event.

The summit will bring together **100+ delegates, industry leaders, and experts** across Asia for a day of insight, innovation, and networking. Key discussions will spotlight:

- Market outlooks across Asia's major coatings segments
- Advances in new technologies and product development
- Emerging trends in raw materials
- Keynote by Mr. Larry Ng – Urban Planning in Singapore
- Regulatory updates & regional alignment

And that's not all—preceding the summit, SPACA will co-host with university in Singapore for a **3-day leadership program (1–3 Dec)** designed exclusively for selected delegates. After the summit, it will be concluded by an Industry visit and Networking retreat in Malaysia to conclude the summit.

More details coming soon—stay tuned as we build toward an exciting week that will shape the future of the coatings industry.

About Asia Coating Federation

The Asian Coatings and Ink Federation is a social group proposed by the China Coatings Industry Association (CNCIA) and composed of coating and ink associations and coating ink manufacturers in Asian countries. It was officially incorporated in Hong Kong on May 20, 2022. The mission of the Asian Coatings and Ink Federation is to promote the high-quality and sustainable development of the coating and ink industry in Asia and the world as the core concept, promote exchanges and cooperation among members, strengthen international exchanges, and promote common development.
